Congratulatory message

You may like to consider one of the following themes to shape your congratulatory remarks:

- a. Your best advice for graduates
- b. Why graduating in 2020 is significant
- c. One thing you wish you knew when you graduated
- d. What you can achieve with a UQ degree

Things to remember

- Your name and position will be on the video, so you don't need to introduce yourself
- Keep your message to 1 minute or less
- Consider your environment – film somewhere that is relevant to your field (the track, the office, the lab etc.)

If you have any questions about this process, please contact us at uqalumni@uq.edu.au

Thank you so much for your time. We look forward to sharing your messages with our graduates!
